

The 3000 Club's Reclaiming for a GREENER Future:

Envision a world with no waste. No useful material is thrown away but utilized to benefit the underserve in our communities.

Our mission is obtaining these materials with the goal to put these materials back to use through redirecting, reuse, renew or recycling.

Nothing useful should be in our landfills. Our vision is simple. Our mission is complex. Our principles we believe in.

- 1. Food Rescue
- 2. American Medical Aid
- 3. Local Partnerships and Community Involvement
- 4. Reuse
- 5. Recycle
- 6. Animal Aid
- 7. Educational Projects

1. Food Rescue

Year-round Food donations from December 2014-June 2015 allowed us to provide fruits and vegetables to families as well as sharing with community food banks.

Market On the Move- Phoenix/Tucson
Benson Food Bank
